

Glimpse into the World of Lifeplus

Here at Lifeplus, we believe success is built on great relationships.

For that reason, one of the most fundamental areas we focus on within our event programme is ensuring we meet with our upcoming business leaders and get to know them on a more personal level as they embark on a more business-led journey with Lifeplus.

Bronze partners, who meet the relevant qualification requirements*, are invited to visit the UK on a four day business trip for a chance to meet the UK team and develop their relationship with not only Lifeplus staff, but with each other.

During their stay, associates get to visit the European head office, one of the highlights of the trip for so many. They get the chance to look behind the scenes of Lifeplus Europe where we show them how we support their business, from taking orders and shipping products, to paying bonus checks on time for all our partners. The visitors will have the opportunity to put a face to a name and a voice to the colleagues they are always talking to on the phones.

Visitors will also receive presentations from our Marketing team to take them through the history and development of the Lifeplus brand, our values and updates on exciting projects we are currently working on.

Our Diamond partners, who are also visiting at the time, share their own stories and experiences so far, which are always inspirational and there is a chance for people to ask them questions to help with their own development too.

Glimpse into the World of Lifeplus

Visitors also have the chance to experience some English culture with a trip to the beautiful city of Cambridge where they will have time for sightseeing and to buy a memento or two, plus take part in some fun team-building activities!

The trip concludes with a farewell meal. This is a time when associates can reflect on the week and what they have learnt, and continue networking with other Bronze partners – sharing stories and making new friends.

Bronze partners leave the UK full of energy and with further business knowledge, encouragement and reassurance that Lifeplus is exactly who we say we are – friendly people working hard to support others achieve their best.

For more information on our UK Bronze visits, speak to your sponsor or call the Lifeplus Europe contact centre. Telephone numbers can be found on our website at www.lifeplus.com as well as a list of all of our upcoming events.

We hope we get to see you soon in the UK!

* Our qualification criteria require associates to have reached Bronze three times consecutively in the last 12 months counting back from the visit.
